## ABOUT ME

---

I am learning video editing , web development & content creation.

## WELCOME TO MY PROFILE (INDEX.HTML)

As a second-year B.Tech student majoring in Computer Science at Assam University, I am passionate about exploring the realms of technology and building innovative solutions. Learning web development , I have hands-on experience in creating responsive websites. My coursework has provided me with a solid foundation in programming languages such as HTML, CSS, and JavaScript. In addition to my technical pursuits, I possess a creative flair for video editing and content creation. This unique combination of technical and creative skills reflects my commitment to a holistic approach in problem-solving and project execution.
